ALLERGENS

Source card flags fish sauce and Thai red curry paste in bold. Check current product labels.

METHOD

1 STEP 1

Rinse jasmine rice. Place coconut milk, water and a pinch of salt in a medium pot, bring to the boil, add rice, cover and simmer on low for 15-20 minutes until liquid is absorbed. Rest covered.

2 STEP 2

Peel and grate ginger. Peel and thinly slice onion. Zest lime. Combine beef strips with Yuki's spiced fish sauce, Thai red curry paste, ginger, onion and lime zest. Season and marinate briefly.

3 STEP 3

Cut carrot lengthways and into half-moons. Deseed and slice red capsicum. Cut kailan into pieces, keeping leaves and stems separate.

4 STEP 4

Heat olive oil in a large frying pan over medium-high heat. Stir-fry marinated beef and onion for 2-3 minutes until browned but still medium-rare in the centre. Remove from pan.

5 STEP 5

Add more olive oil, carrot and capsicum and stir-fry 2-3 minutes. Add water and kailan; cook a further 2-3 minutes until tender. Return beef and toss. Tear basil/herbs through the stir-fry.

6 STEP 6

Cut lime in half. Fluff coconut rice and divide among plates. Top with Thai beef stir-fry and serve with lime.

BIG FLAVOUR. NO WORRIES.
