PANTRY extra virgin olive oil, generous drizzle, flaky sea salt to season, black pepper to season

ALLERGENS

Contains gluten (pasta), milk (crème fraîche, butter, parmesan) and egg (fresh pasta), as stated on the source card.

METHOD

1 STEP 1

Preheat oven to 180°C. Place pumpkin on a baking tray with garlic and onion halves, keeping garlic/onion near the middle so they do not burn. Drizzle generously with olive oil and season.

2 STEP 2

Roast about 15-20 minutes, turn everything and remove any garlic that is already golden. Roast a further 15-20 minutes until pumpkin is golden and tender and onion has softened.

3 STEP 3

Squeeze roasted garlic from skins into a food processor with pumpkin and onion. Add crème fraîche and cracked black pepper and blitz until smooth; taste and season.

4 STEP 4

Heat butter in a skillet over medium heat. Add sage leaves and a sprinkle of salt; cook until crisp. Remove sage to paper towel and pour browned butter into a bowl.

5 STEP 5

Cook fresh pasta until al dente, reserving about 1/2 cup pasta water. Drain and return to the pot. Pour over pumpkin sauce, add a splash of pasta water if needed and combine.

6 STEP 6

Serve hot, topped with crispy sage, browned butter and parmesan if desired.

BIG FLAVOUR. NO WORRIES.
